

Answers to Questions Received re: Gratiot Countywide Master Plan RFP

1. Is there a budget or "not to exceed" figure for the project?

Question received via email on Wednesday, April 5, 2023 at 8:55 am EST

Answer: There is not a budget or "not to exceed" figure set for this RFP.

2. "I wondered about the Individual Jurisdiction Components. Do you want an hourly cost for only the engaged participants how are already in the RRC process."

Question received via email on Tuesday, April 18, 2023 at 10:20 am EST.

Answer: In previous iterations of the Master Plan, several individual jurisdictions wanted a more detailed listing of goals. We anticipate this will be the case with a few townships in this iteration as well. It would be best to give an hourly rate, estimated hours required, based on the addendums included in the [2017 Gratiot Countywide Master Plan](#) (similar to Fulton Township and Pine River Township's extra goals). However, we anticipate the cities and village pursuing RRC Certification to require more specific addendums, including an Economic Development Strategy. We anticipate this work to be more comprehensive in order to meet RRC requirements. Costs can be given in the same format: hourly rate, estimated hours required for each component.
